HOW NOT TO TAKE COLD

Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find that the latter takes good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming over heated and then chilled and getting the feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.

Gifts That Last

Let Us Be Your Gift Counselor

The Subtle Art Of Gift Selection

The giving of gifts is a gift in itself. Most appropriate of gifts is that attuned to the hopes of the recipient and the sentiment of the giver.

A gift of Jewelry in its enduring beauty keeps alive the memory of the giver and in giving its intrinsic value grows. Its exquisite charm is unchanging.

As jewelers we are adept in gift selection. Our able discrimination insures generous value at modest cost.

We will welcome the opportunity to aid you with your Christmas gift list.

A Christmas Present the Entire Family Can Enjoy

—not only Christmas night but every night in the year; for what gives greater pleasure in the home than good light and artistic lighting equipment?

Isn't it worth while to give your family something useful? They probably spend more time in the living room and dining room than any other two rooms of your home. Here they have their pleasures and entertain their friends.

Certainly, then, these rooms should be attractive and comfortable. No other furnishing will give them the pleasure or add more to the attractiveness of the room than an artistic chandelier.

Our display rooms contain many attractive chandeliers and numerous electrical appliances which make both useful and beautiful presents. We shall be happy to show them to you.
